The P&F has adopted a new philosophy of funding, reflective of the school mission and values, with the intention of embracing the contemporary needs of students, families and community.

Our philosophy seeks to:

- Support a family atmosphere in the School community including the integration of new families.
- Preserve or improve the natural bushland environment of the school grounds.
- Encourage the building of self esteem of all children.
- Support a happy healthy environment within the whole school.
- Be supportive of the positive relationships between student peers, parents, school staff and carers (eg BUZ).
- Support connectedness of the school within the wider community (eg. community work in aged care).
- Encourage students to be good role models within our society.
- Enrich the school program by involving parents to share their skills, talents and energies (eg Wellbeing).
- Foster community spirit within the school and the wider community.
- Foster student learning.

In preparing an application for funding the following guidelines apply:

- Applications for funding to be submitted to the P&F Funding Committee using the attached Funding Application, with the form to: BCGS Administration in person, by mail or fax on 9722 6190.
- The P&F Funding Committee will assess applications received prior to the next P&F General Meeting.
- Applications can be submitted by students, parents, staff and friends of the School.
- A copy of the Application will be forwarded to the Head of School.
- Availability of funding will be assessed against the budget allocated to each of the four key funding categories:
  > 70% General: short, medium and long term goals
  > 10% Sports: assist with travel, equipment etc
  > 10% Arts & Music: assist with travel, equipment etc
  > 10% Wellbeing: bursaries, round square, family assistance
- The Funding Committee will check that the funds applied for are not covered by other budgets.
- Applications will be considered against the philosophy and as to the level of benefit for the number of students (the larger the better). If an individual applies for ‘personal’ funding they must be a School student.
