

HOPE

The Old Grammarians' Association recently supported two former students through its HOPE (Humanitarian or Philanthropic Endeavours) programme. The HOPE programme enables the Association to offer financial support to its members who are endeavouring to achieve something extraordinary, help others or generally benefit mankind.

The Association recently supported **Beth Ferguson (nee Tucker 83)** for her work with the St Boniface Cathedral fundraiser "Give the Cathedral a Lift". The fundraiser raised money to install a lift in the Cathedral stairwell providing people easy access both upstairs and downstairs.

The Association also supported **Rachel Paterson (05)** in her fundraising efforts for the Leukaemia Foundation. Through the support of the OGA and a number of other generous donors, Rachel raised over \$4,000 for the Foundation by shaving her head in the "World's Greatest Shave". Rachel is currently studying Advance Science at UWA and is interested in pursuing a career in medical research.

For more information about the OGA's HOPE programme or to obtain an HOPE application form, please visit www.bcgs.wa.edu.au and follow the links to the Old Grammarians' Association pages.
